GUIDELINES FOR JOINT AGREEMENTS AND CHARGEBACKS

JOINT AGREEMENTS

- For Occupational Programs only
- Degrees or Certificates
- Not for single courses
- Not for classes we don't offer this term
- Not for classes we don't offer at the right time of day
- See Vicki Brennan or Ramona Silvester for additional information

Any ICCB approved occupational program (degree or certificate) offered by community colleges in the Comprehensive Agreement Regarding the Expansion of Education Resources (CAREER) and not offered by the home district school is mutually considered eligible for Joint Agreement by CAREER member schools.

Comprehensive Agreement Regarding the Expansion of Education Resources (CAREER)

Black Hawk College, Moline, IL

1. If a student requests a joint agreement or a chargeback for a degree program not offered at MCC, look for a joint agreement first. Joint agreements come in two varieties: those offered through special agreements at schools outside of the regional consortium (CAREER) and those offered at CAREER schools. Because we work closely with the specific agreements, your 1st step is to look for the requested program in Part 1, *Specific Non-Consortium School Joint Agreements*.
2. If the program is not named in a specific joint agreement, the student can enroll in any other CAREER member school which does offer the desired program. Look at the listed programs in Part 2, *CAREER Member School Programs Not Offered By MCC*.
3. If the program is not listed in either a CAREER college catalog, or on the list of specific college joint agreements, the student may contact Vicki Brennan or Ramona Silvester for information about a Chargeback. Chargebacks follow the same general rules as joint agreements:
 - For programs only, occupational degrees or certificates
 - Not for single courses
 - Not for classes we don't offer or don't offer at the right time

Mary will research the request and contact the student. Please don't attempt to handle charge back forms unless they are renewals of charge backs that were approved for the previous term.

See the last page of this document for consortium contract language and official parameters.
